## JULIBAO-R9000 LX Pro

## FULL REPEAT -

Can make each label different only one piece during the weaving process minimization of cloth waste can be achieved.

NAME LABEL

QR CODE LABEL

A BAR CODE LABEL

## FULL REPEAT MACHINE ADVANTAGES:

No fabric waste, all sizes of labels can be randomly combined produce, no longer limited by the width of each repat of traditional label weaving machine.

Suitable for all types of customized digital labels, two-dimensional code, name labels, etc., can do not repeat any of the labels, without any waste.

No duplication of any repeat, which means that the production efficiency is greatly improved. In the case of saving the waste of fabric, the production of one code and one mark, the efficiency reaches 4-8 times as the traditional label weaving machine.

## CONFIGURATION PARAMETER

		- 15
Model	Itema Galileo Rx	
Weft Selector	8	Standard
Welt Selector	12	Optional
	Mechanical	(R9000 Standard
Weft Cutter	Electronic	(R9500 Standard
W// 03/ 725	753 C S S C S C S S C S S C S S C S S C S S C S S C S S C S S C S S C S S C S	(R9000 Optional)
Weft Transfer System	SK Rapier	Guide Hook
Fabric Width	160CM-180CM	H1900
	200CM-220CM	H2300
Take Up	Electronic	Standard
Send Off	Electronice warp let-off motion with tensioning device	Standard
Electron Density	Electronic density adjustment from 5-150 picks/cm	Standard
Warp Beam	Single Warp Beam	Diameter 800mm
JACQUARD		
WEAVING PARAMETER		2
	1 Repeat	Taffeta
9216/9600/9984 Hooks	2 Repeat	Satin
9216/9600/9984 Hooks  LABELING SYSTEM	2 Repeat	Satin
	2 Repeat  Cylinder	Satin
LABELING SYSTEM
